RETENTION SCHEDULE  
FOR MINNESOTA CITIES**

**March 2021**

This is an evolving document. Please help us keep it up-to-date by letting the MCFOA Records Retention Committee know of any errors or omissions, ambiguities, inconsistencies, or additions.

Please note the Data Practices Classifications and Statutes are current as of the date of this schedule and are subject to change. The Data Practices information is for the convenience of City Clerks.

# GENERAL RECORDS RETENTION SCHEDULE FOR MINNESOTA CITIES

## Purpose of the General Records Retention Schedule

The purpose of a records retention schedule is to provide a plan for managing government records by giving continuing authority to dispose of records under Minnesota Statutes section 138.17.

This City General Records Retention Schedule establishes minimum retention periods for city records based on their administrative, fiscal, legal and historical value. It lists records series common to cities and identifies how long to retain them.

This schedule was originally developed by the Minnesota State Department of Administration, Information Policy Analysis Division and the Minnesota Historical Society, Division of Archives and Manuscripts and was funded in part by a grant from the National Historical Publications and Records Commission.

The revised schedule was updated by city clerks and officials representing the Minnesota Clerks and Finance Officers Association (MCFOA).

## Adopting and Using the General Schedule

1. A city that has adopted the previous version of this general schedule does not need to notify the Minnesota Historical Society that it is adopting this revised edition of the General Records Retention Schedule for Cities. It will be assumed that cities that have adopted the previous version will now utilize this revised version.

If you have not previously adopted the general schedule, to begin disposing of records, you must notify the State Archives of the Minnesota Historical Society that your city has adopted the schedule. The enclosed form, "*Notification of Adoption of City General Records Retention Schedule*", is used for this purpose.

2. You may adopt the schedule even though your office may not have all the records listed on it. We recommend that you adopt the entire schedule. However, if this is not possible you may adopt individual sections.
3. The Minnesota Historical Society will sign and return the Notification form to you. You will then have the authority to dispose of your government records as indicated on the schedule.
4. Compare the records in your office with the records listed on the schedule. Retention periods listed on the schedule represent the minimum length of time that you must retain your records. Once that retention period has been reached you may destroy the records as indicated on the schedule. If you need to retain some records series longer than the listed retention, you should establish an agency policy for those records.
5. The retention stated on the schedule applies to any form of the record (paper, computer tape or disk, microfilm, optical disk, electronic media, etc.).
6. Data Practices Classifications are effective as of the printing of this Retention Schedule. Because data practices issues change regularly, classifications may have changed. For current information on data practices, consult Minnesota State Statutes, Chapter 13, or call the State of Minnesota, Department of Administration, Data Practices Office at 651-296-6733 or 1-800-657-3721.

## **Destruction Reporting**

After you destroy records according to the general schedule, maintain a list of destroyed items.

## **Records not on the General Schedule**

Records not listed on this schedule cannot be destroyed without submitting either an "Application for Authority to Dispose of Records" (PR-1) or a "Minnesota Records Retention Schedule form". Both of these forms are available on the State Archives' web site at:

<http://www.mnhs.org/preserve/records/recser.html#forms>.

The PR-1 form is used to request one-time authority to dispose of records. A reproducible copy of the PR-1 form is enclosed. Since an approved PR-1 gives you authority to dispose of only those records listed on the form, we recommend that you use the PR-1 only for obsolete records (records no longer being created).

For ongoing authority to dispose of records not listed on the general schedule, complete a "Minnesota Records Retention Schedule".

## **Duplicate Records**

This retention schedule concerns itself only with the city's official record copy and the retention periods assigned reflect that. It is each city's responsibility to identify the official record copy and to identify when to destroy any other copies of identical records, after they have lost their legal, fiscal, historical and administrative value. Duplicate copies should not be retained as long as the official record. Normally the retention period on duplicate records will not exceed two years.

## **Category Definitions for the General Schedule**

**Record Series Description:** A record series is a group of records clustered together because they all relate to the same topic and have the same retention period.

**Retention Period/Statute:** The retention cited is the minimum amount of the time a record must be kept. *A number printed alone, e.g. 10, means ten years. If months or days are meant the entry will display that, e.g. 6 months or 30 days.* The stated retention does not include the year the record originates. For example, if Record A is filed by calendar year and it has a retention of 3 years, the disposal date for 2000 records is January, 2004. Statutes listed here cite specific retention periods for the records series.

**Data Practices Classification:** This phrase refers to records classified by the Minnesota Government Data Practices Act or other state or federal laws. The classification system includes: public, private, confidential, nonpublic or protected nonpublic. More than one classification may apply.

**Data Practices Statute:** This phrase refers to the statute or law which cites the data practices classification of the record series.
