INDEPENDENT AUDITORS' REPORT

Honorable Mayor and
Members of the City Council
City of Redwood Falls
Redwood Falls, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Redwood Falls, Minnesota (the City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and
Members of the City Council
City of Redwood Falls

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Honorable Mayor and
Members of the City Council
City of Redwood Falls

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the total OPEB liability, related ratios and notes, schedule of the City's proportionate share of the net pension liability, schedule of the City's pension contributions, schedule of changes in the net pension asset and related ratios – fire relief association, schedule of revenues, expenditures, and changes in fund balance – budget and actual – general fund, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Honorable Mayor and
Members of the City Council
City of Redwood Falls

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**CITY OF REDWOOD FALLS, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

This section of the annual financial statements of the City of Redwood Falls, Minnesota (the City) presents a discussion and analysis of the City's financial performance during the fiscal year ending December 31, 2024. Please read it in conjunction with the financial statements, which follow this section. The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of the City exceeded liabilities and deferred inflows of resources by \$78,697,905. Of this amount \$15,956,208 may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.

- The City's total net position increased by \$3,849,922, over 2023.
- The City's governmental funds reported combined ending fund balances of \$14,548,699. Of this total amount, \$4,815,975 is available for spending at the City's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,383,760 or 72% of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The statement of net position and the statement of activities provides information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented after the statement of activities. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's funds. The notes to the basic financial statements provide information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Statement of Net Position and Statement of Activities

Our analysis of the City of Redwood Falls begins with the statement of net position and the statement of activities. One of the most important questions asked about the City's finances is, "is the City as a whole better or worse off as a result of the years' activities?" The statement of net position and statement of activities both report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies.

**CITY OF REDWOOD FALLS, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Statement of Net Position and Statement of Activities (Continued)

All of the current years' revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the City's net position and changes in them. You can think of the City's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether the City's financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, to assess the overall health of the City of Redwood Falls.

The government-wide financial statements can be found on pages 14-16 of this report.

Fund Financial Statements

Our analysis of the City of Redwood Falls' major funds begins with the funds' financial statements and provides detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by law and by bond covenants. However, the City Council establishes other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants or other money. The City of Redwood Falls' three kinds of funds – governmental, proprietary and custodial – use different approaches.

Governmental Funds – Most of the City of Redwood Falls' basic services are reported in governmental funds. Governmental funds focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader of the statements determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds in reconciliation after the financial statements.

The basic governmental fund financial statements can be found on pages 17-20 of this report.

Proprietary Funds – When the City of Redwood Falls charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact, the City's enterprise funds are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows for proprietary funds.

The basic proprietary fund financial statements can be found on pages 21-30 of this report.

Custodial Funds – The City of Redwood Falls is the fiscal agent, or fiduciary, for assets that belong to others. The City is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those whom the assets belong. The City's fiduciary activities are reported in a separate statement of fiduciary net position.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements (Continued)

Custodial Funds (Continued)

The custodial fund financial statements can be found on pages 31-32 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 33 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information can be found on pages 82-105 of this report. It consists of budgetary comparison information for certain of the City's governmental funds, the fire relief association schedule of change in the net pension asset and related ratios, schedule of the proportionate share of the net pension liability, the schedule of pension contributions, and the schedule of changes in the total OPEB liability, related ratios and notes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City of Redwood Falls' net position increased during 2024 by \$3,849,922. Our analysis below focuses on the net position (see Table 1) and changes in net position (see Table 2) of the City's governmental and business-type activities.

**Table 1

CITY OF REDWOOD FALLS, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities

Net position of the City's governmental activities increased by \$948,508 or 2.3%. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, legislation, or other legal requirement was \$9,177,633 at December 31, 2024. A thorough analysis of governmental activities is discussed below.

Business-Type Activities

The net position of our business-type activities increased by \$2,901,414 or 8.6%, due to the City's proprietary funds continuing to show strong financial performance. The Proprietary funds made cash transfers to governmental funds totaling approximately \$742,000.

The following table indicates the changes in net position for the City's governmental and business-type activities:

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities

Revenues – The following chart visually illustrates the City's revenues by source for its governmental activities:

**2024 REVENUES BY SOURCE
GOVERNMENTAL ACTIVITIES**

Revenues – The City's governmental activities revenues decreased by \$288,044 or 2.6%. The major components of this decrease are explained as follows:

- Charges for services increased by \$30,496. This increase was primarily due to revenue from building permits and plan review fees related to the construction of a new elementary school.
- Operating Grants and Contributions increased by \$44,725. This increase was due to a \$191,000 increase in grant funding related to the Small Cities Development Program, a \$10,000 increase in Minnesota State Aid Street (MSAS) funding, and \$8,000 from Minnesota Homeland Security and Emergency Management related to a flooding event. This was offset by a decrease in public safety grant revenue by approximately \$163,000 primarily due to the one-time public safety aid received in 2023.
- Property taxes increased by \$194,650 and intergovernmental revenues increased by \$329,773 which included a \$276,160 increase in Local Government Aid compared to the prior year.
- Capital grants and contributions decreased by \$434,308. This decrease was due to a \$475,000 decrease in public safety grants and contributions primarily due to the one-time donation of a tactical vehicle in 2023. There was also a \$366,536 decrease in funding towards street projects due to a large part of the grant funded work for the 4th Street Reconstruction Project and the Reflection Ridge Business Park development being completed in 2023. The airport also saw a decrease in grant funding of \$51,156 compared to the prior year. This was offset by an increase

**CITY OF REDWOOD FALLS, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities (Continued)

of \$458,027 related to culture and recreation grants and contributions primarily due to multiple park improvement projects as well as the library expansion project.

- Franchise Fees decreased by \$67,734. This decrease is attributable to lower gross operating revenues reported by franchisees, as franchise fees are calculated as a percentage of each franchise holder's gross revenue and fluctuate in line with their operational performance.
- Investment earnings decreased by \$278,564 primarily due to a lower increase in fair market value of investments compared to the prior year. Additionally, the reduction in cash balances, attributable to the planned expenditure of capital project funds for street improvements and the Reflection Development Project, further contributed to the decrease in investment income.
- Gain on disposal of assets decreased by \$109,184 compared to the prior year.

Expenses – The City's expenses for governmental activities increased by \$149,465 or 1.4%. The major components of this increase are explained as follows:

- Personnel costs increased by \$263,141, driven by a 3% cost of living adjustment and higher benefits expenses.
- Professional services rose by \$101,590 primarily related to a required agreement with an independent contractor to conduct plan reviews and inspections for the new elementary school.
- Economic development expenses increased \$213,727, with \$191,316 of that increase attributed to pass-through costs related to the Small City Development Program.
- These increases were offset by decreases in other areas including a decrease in general government expenses of \$257,655 primarily due to a change in how external expenses related to the City's internal service funds were recognized compared to the prior year. As a result of this change, the statements reflect net amounts for revenues and expenses related to internal service funds, rather than reporting the gross revenues and expenses separately, as was done in previous years.
- Street expenses decreased \$90,544 largely due to decreased street maintenance supply expenses associated with the mild winter and the airport also saw a decrease in expenses of \$49,694.

Business-Type Activities

Revenues – The City's business-type operating revenues and other income increased \$2,852,705, or in 2024 when compared to 2023. The major components of this increase include a \$2,277,593 increase in capital grants and contributions primarily related to a Point Source Implementation Grant (PSIG) for the City's wastewater treatment facility project. There was also an increase in charges for services of \$375,087. The increase includes \$39,000 in the water utility, \$25,000 in the storm sewer utility, and \$408,000 in the electric utility. These increases were offset by a decrease in charges for services in the sewer utility of \$84,000 primarily due to a decrease in commercial consumption compared to the prior year as well as a decrease in special assessment revenue. The increases in charges for services are a result of rate increases due to higher costs and ongoing infrastructure maintenance requirements.

**CITY OF REDWOOD FALLS, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Business-Type Activities (Continued)

Expenses – There was an increase in business-type expenses of 20.2% or \$704,889 in 2024 when compared to 2023. The major components of this increase include an increase in personnel costs across all business activities of \$164,782 due to a 3% cost of living raise, as well as increased benefits cost. The cost of supplies increased primarily due to a \$384,589 increase in the cost of meters attributed to the City's meter replacement projects in both the water and electric utility. Interest expense also increased \$147,000 due to additional debt issued in 2023 for infrastructure improvement projects.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

General Fund – The City's General Fund balance increased by \$312,061 from the 2023 balance. This increase is attributable in part to the General Fund budgetary highlights discussed below.

Capital Project Fund – The Capital Project Fund balance decreased by \$1,163,096 and ended the year with a \$3,892,957 fund balance. This decrease is primarily due to the continued planned spenddown of transfers, bond proceeds, and grants to be used for capital projects. Costs associated with 2024 capital projects include \$881,738 for the Homes of Reflection Prairie and Reflection Ridge Business Park development project, \$1,166,845 for the 4th Street Reconstruction Project, \$177,951 for the purchase of land for a future road extension project, \$205,193 for library projects including a bathroom remodel, \$251,532 for new bathrooms at two different parks, and \$103,323 in miscellaneous capital projects primarily related to updating information technology. These expenses were offset by federal and state grants as well as private contributions in the amount of \$1,220,400.

Nonmajor Governmental Funds – The fund balances for the Nonmajor Governmental Funds increased by \$555,477 in total. The increase is primarily due to a \$333,168 increase in the fund balance of the Port Authority. The Port Authority's fund balance increase is attributed to the transfer of funds to cover the cost of the gas service extension agreement for the Reflections development which was added to the value of the land held for resale. The fire equipment fund also saw an increase of \$86,499 which will help to build the fund balance for future fire truck replacements. Other increases include a \$67,245 increase in the Airport funds and a \$51,741 increase in the TIF fund due to annual tax increments received.

General Fund Budgetary Highlights

Actual revenue was greater than budget in 2024 by \$230,286. The overbudget revenue was made up of several factors including permit revenue being \$211,800 over budget primarily related to construction of the new elementary school. Interest revenue also ended the year \$73,636 higher than anticipated and charges for services came in at \$64,150 over budget. This was offset by intergovernmental revenue being \$127,941 under budget primarily due to the one-time public safety aid being recorded in 2023 but budgeted in 2024 to correspond with when the funds were being spent.

Expenditures were under budget by \$39,908. The general fund expenditures were relatively consistent with the budget. A couple significant variances with budget include seal coating expense coming in \$106,344 lower than budgeted and expenses related to building inspections coming in \$96,221 over budget due to costs associated with the inspections and plan reviews of the new elementary school.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2024, the City of Redwood Falls, had \$153,542,724 invested (original cost) in a broad range of capital assets and right-to-use assets. Refer to Note 4 of the basic financial statements for a schedule showing the City's capital asset activity. This amount represents an increase (including additions and deductions) in gross capital assets of \$8,359,485 over last year.

Long-Term Debt

At year-end, the City of Redwood Falls, had \$30,435,441 in outstanding long-term debt. During 2024, \$932,859 of General Obligation Water Revenue bonds were issued. Refer to Note 5 of the basic financial statements for a schedule showing the City's long-term debt activity.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The City of Redwood Falls' appointed officials considered many factors when presenting the fiscal year 2025 budget and rates and fees that will be charged for the business-type activities. One of the major factors continues to be personnel costs in the General Fund as the services provided are labor intensive. In addition, providing the costly infrastructure maintenance and improvements necessary for the citizenry continues to be a challenge due to aging infrastructure and high replacement costs. Inflation has created some uncertainty in revenue and expenditure forecasts, but the City continues its efforts with cost containment. Appointed and elected officials continue to work together to balance and prioritize to continue providing essential services to the community.

CONTACT INFORMATION

This annual report is designed to provide a general overview of the City of Redwood Falls, Minnesota finances for citizens, customers and others. Questions concerning any of the information contained in this report and request for additional information should be addressed to the City of Redwood Falls, P.O. CITY OF REDWOOD FALLS, MINNESOTA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
DECEMBER 31, 2024

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Total Fund Balances - Governmental Funds	\$ 14,548,699
--	---------------

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	\$ 2,891,182
Land Improvements	132,361
Construction in Progress	188,716
Land Improvements, Net of Accumulated Depreciation	1,168,660
Buildings, Net of Accumulated Depreciation	7,928,833
Infrastructure, Net of Accumulated Depreciation	15,068,747
Machinery and Shop Equipment, Net of Accumulated Depreciation	3,444,442
Right-to-Use Assets, Net of Accumulated Amortization	416,034
Total	31,238,975

Some of the City's property taxes, special assessments, and other revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as unavailable revenue in the governmental funds.

613,344

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. Accrued interest for general obligation bonds is included in the statement of net position.

(31,275)

Internal service funds are used by the City to charge the costs of certain activities to individual funds. The portion of assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds that are used by the governmental funds are included in governmental activities in the statement of net position.

2,222,582

The City's net pension asset and liability and related deferred outflows and inflows are recorded only on the statement of net position. Balances at year-end are:

Net Pension Asset	93,605
Net Pension Liability	(1,865,964)
Deferred Outflows of Resources - Pension Related	1,981,992
Deferred Inflows of Resources - Pension Related	(2,584,996)

The City's other postemployment liability and related deferred outflows are recorded only on the statement of net position. Balances at year-end are:

Other Postemployment Benefits Liability	(300,615)
Deferred Outflows of Resources - OPEB Related	19,483
Deferred Inflows of Resources - OPEB Related	(119,381)

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net position. Balances at year-end are:

Bonds Payable, Excluding Internal Service Funds	(2,825,163)
Unamortized Cost of Refunding	1,075
Finance Purchase Obligations	(72,969)
Compensated Absences Payable	(538,071)
Lease Liability	(394,886)
Total	(3,830,014)

Net Position of Governmental Activities as Reported on the Statement of Net Position

CITY OF REDWOOD FALLS, MINNESOTA
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES — GOVERNMENTAL FUNDS
YEAR ENDED DECEMBER 31, 2024

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Governmental Funds \$ (295,558)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation and amortization expense.

Capital Outlays	\$ 2,596,633
Capital Contributions	32,580
Loss on Disposal	(13,262)
Depreciation and Amortization Expense	(1,672,482)
Total	943,469

Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues, regardless of when it is due.

1,637

Some capital asset additions are financed through finance purchase obligations. In governmental funds, a finance purchase obligation arrangement is considered a source of financing, but in the statement of net position, the lease obligation is reported as a liability. Repayment of finance purchase obligation principal is an expenditure in the governmental funds, but repayment reduces the lease obligation in the statement of net position.

Finance Purchase Obligation Proceeds (89,492)

The governmental funds report repayment of long term debt as an expenditure, whereas in the statement of activities repayment of principal reduces the liability. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are amortized in the statement of activities. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

Repayment of Bonds	261,894
Repayment of Finance Lease Purchase	16,523
Amortization of Cost of Refunding	(215)
Repayment of Lease Liability	79,917
Repayment of Finance Purchase Obligation	16,523
Total	358,119

Delinquent property taxes, special assessments, and other receivables will be collected subsequent to year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the governmental funds. In addition, other receivables not currently collectible are also unavailable in the governmental funds.

Deferred Inflows - December 31, 2023	(575,533)
Deferred Inflows - December 31, 2024	613,344
Total	37,811

In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). During the current year, compensated absence payable increased.

(180,593)

OPEB expenditures on the governmental funds are measured by current year employer payment of benefits. OPEB expenses on the statement of activities are measured by the change in OPEB liability and related inflows and outflows of resources. 13,246

Pension expenditures on the governmental funds are measured by current year employer contributions. Pension expenses on the statement of activities are measured by the change in net pension liability (asset) and related inflows and outflows of resources. 174,520

Internal service funds are used by the City to charge costs of certain activities to individual funds. The portion of net revenues of the internal service funds that are received for governmental funds is reported with governmental activities. (14,651)

Change in Net Position of Governmental Activities as Reported on the Statement of Activities \$ 948,508

See accompanying Notes to Basic Financial Statements.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Redwood Falls (the City) is a public corporation formed under Minnesota Statutes §410. As such, the City is under home rule charter regulations and applicable statutory guidelines. The governing body consists of a six-member City Council, one of which is the Mayor. The governing body is elected by voters of the City to serve four-year staggered terms.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City's significant accounting policies are described below.

A. Financial Reporting Entity

As required by U.S. generally accepted accounting principles, the financial statements of the reporting entity include those of the City of Redwood Falls and its component unit. A component unit is a legally separate entity for which the Primary Government is financially accountable, or for which the exclusion of the component unit would render the financial statements of the Primary Government misleading. The criteria used to determine if the Primary Government is financially accountable for a component include whether or not the Primary Government appoints the voting majority of the potential component unit's board, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

Component Units

In conformity with U.S. generally accepted accounting principles, the financial statements of component units have been included in the financial reporting entity either as blended component units or as discretely presented component units.

Blended Component Unit

The Port Authority was established to facilitate and assist economic development and increase the efficiency of business recruitment. The representatives of the Port Authority comprise of representatives of both city government and private enterprises. The Port Authority has the control, authority and operation of all existing and future tax increment development plans located within the City. The powers of the Port Authority are granted by state statute.

For financial reporting purposes, the Port Authority is reported as a blended component unit because it provides services entirely, or almost entirely, to the City.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Financial Reporting Entity (Continued)

Other Organizations

The Redwood Falls Fire Relief Association (the Association) is organized as a nonprofit organization, legally separate from the City, to provide pension and other benefits to its members in accordance with Minnesota Statutes. Its board of directors is appointed by the membership of the Association and not by the City Council and the Association issues its own set of financial statements. Because the Association is fiscally independent of the City, the financial statements of the Association have not been included within the City's reporting entity. The City's portion of the costs of the Association's pension benefits is included in the General Fund under public safety.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. These statements include the financial activities of the overall City government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

In the government-wide statement of net position, the governmental activities and business-type activities columns: (a) are presented on a consolidated basis by column; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts: (1) net investment in capital assets; (2) restricted net position; and (3) unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the City's governmental activities and business-type activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basic Financial Statements (Continued)

2. Fund Financial Statements

The fund financial statements provide information about the City's funds. Separate statements for each fund category (governmental, proprietary, and fiduciary) are presented. Fiduciary funds are excluded from the government-wide financial statements. The emphasis of governmental and proprietary fund financial statements is on major governmental and enterprise funds, each displayed in a separate column in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds in a separate column in the fund financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The operating revenues of the City's enterprise funds and internal service funds are charges for services to customers. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation and amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major governmental funds:

General Fund

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Projects Fund

The Capital Projects Fund accounts for the acquisition and construction of the City's major capital facilities, other than those financed by proprietary funds.

The City reports the following major enterprise funds:

Sewer Utility Fund

The Sewer Utility Fund is used to account for customer sewer service charges that are used to finance sewer operating expenses.

Water Utility Fund

The Water Utility Fund is used to account for customer water service charges that are used to finance water operating expenses.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basic Financial Statements (Continued)

2. Fund Financial Statements (Continued)

Electric Utility Fund

The Electric Utility Fund is used to account for customer electrical service charges that are used to finance the electric utility operating expenses.

Municipal Liquor Fund

The Municipal Liquor Fund is used to account for the operations of the City's liquor store.

Storm Sewer Utility Fund

The Storm Sewer Utility Fund is used to account for the operations of the storm sewer charges that are used to finance storm Sewer utility expenses.

The City reports the following funds as well as other governmental nonmajor funds aggregated in the fund financial statements:

Internal Service Funds

The internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City or to other entities, on a cost-reimbursement basis. The City maintains two internal service funds. The Central Garage Fund is used to account for the maintenance and purchase of public works equipment used in the maintenance of City infrastructure and facilities. The Insurance Fund accounts for activities of the City's group health plan.

Additionally, the City reports the following fiduciary fund types:

PACE Custodial Fund

The PACE Custodial Fund is used to account for special assessments levied to repay the Property Assessed Clean Energy loans through the Saint Paul Port Authority.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider have been met.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available.

“Measurable” means the amount of the transaction can be determined. The City considers revenues to be “available” if they are collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

The City reports unearned revenue on its governmental fund balance sheets. Unearned revenue arises when resources are received prior to the incurrence of the qualifying expenditures. In subsequent periods, when the City has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

D. Cash and Investments

Cash and investment balances from all funds are pooled and invested to the extent available in investments authorized by Minnesota Statutes. Earnings from investments are allocated to individual funds on the basis of the fund's equity in the cash and investment pool. Interest earnings are accrued at the balance sheet date.

The City provides temporary advances to funds that have insufficient cash balances by means of an advance from another fund shown as interfund receivables in the advancing fund in the governmental fund financial statements, and an interfund payable in the fund with the deficit, until adequate resources are received. These interfund payables are eliminated for statement of net position presentation.

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. All of the cash and investments allocated to the proprietary fund types have original maturities of 90 days or less. Therefore, the entire balance in such fund types is considered cash equivalents.

E. Cash and Investments – Restricted

At December 31, 2024, restricted cash and investments are assets set aside for a debt service reserve fund required under a bond agreement.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Accounts Receivable and Allowance for Uncollectible Accounts

The City has an allowance for uncollectible accounts which was \$24,000 for the General Fund, \$40,000 for the Electric Fund, and \$2,000 for the aggregate remaining funds at December 31, 2024.

G. Property Tax Revenue Recognition

The City Council annually adopts a tax levy and certifies it to Redwood County, Minnesota (the County) in December of each year for billing and collection in the following year. Such taxes become a lien against the property on the first Monday of January of the next year and are recorded as receivables by the City at that date.

The County is responsible for billing and collecting all property taxes for itself, the cities, the local school districts, and other taxing authorities. These taxes are payable by property owners by May 15 and October 15 of each calendar year. These taxes are collected by the County and remitted to the City with each settlement.

Within the governmental fund financial statements, the City recognizes property tax revenue when it becomes both measurable and available to finance expenditures of the current period. In practice, current and delinquent taxes and state credits received by the City in July, December, and the following January are recognized as revenue for the current year. Taxes and credits not received at the year-end are classified as delinquent and due from County taxes receivable. The portion of delinquent taxes not collected by the City in January is fully offset by unavailable revenue because it is not available to finance current expenditures. Unavailable revenue in governmental activities is susceptible to full accrual on the government-wide statements.

Special assessments are levied against benefited properties for the cost or a portion of the cost of special assessment improvement projects in accordance with state statutes. These assessments are collectible by the City over a term of years usually consistent with the term of the related bond issue. Collection of annual installments (including interest) is handled by the County in the same manner as property taxes. Property owners are allowed to prepay future installments without interest or prepayment penalties.

Within the fund financial statements, the revenue from special assessments is recognized by the City when it becomes measurable and available to finance expenditures of the current fiscal period. In practice, current and delinquent special assessments received by the City are recognized as revenue for the current year.

Special assessments are collected by the County and remitted by December 31 (remitted to the City the following January) and are also recognized as revenue for the current year. All remaining delinquent special assessments receivable in governmental funding are completely offset by unavailable revenues. Unavailable revenue in governmental activities is susceptible to full accrual on the government-wide statements.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Property Tax Revenue Recognition (Continued)

Once a special assessment roll is adopted, the amount attributed to each parcel is a lien upon that property until full payment is made or the amount is determined to be excessive by the City Council or court action.

If special assessments are allowed to go delinquent, the property is subject to tax forfeit sale and the first proceeds of that sale (after costs, penalties, and expenses of sale) are remitted to the City in payment of delinquent special assessments. Generally, the City will collect the full amount of its special assessments not adjusted by City Council or court action. Pursuant to state statutes, a property shall be subject to a tax forfeit sale after three years unless it is homesteaded, agricultural, or seasonal recreational land, in which event the property is subject to such sale after five years.

H. Interfund Balances

Activity between funds that is representative of lending or borrowing arrangements is reported as either “due to/from other funds” (current portion) or “advances to/from other funds (noncurrent portion).” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

I. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out method.

J. Property Held for Resale

Property held for resale is for redevelopment purposes and for subsequent resale. Land held for resale is reported as an asset at the lower of cost or estimated fair value. Fair value estimates have been based on estimated realizable sales proceeds net of selling expenses.

K. Prepaid Items

Prepayments to vendors for services that will benefit future periods are recorded as prepaid items. Expense is allocated over the periods benefited using the consumption method. Additionally, prepaid supplies that are to be used on future projects or repairs are recorded as prepaid items.

L. Capital Assets

Capital assets, which include property, plant, equipment, right-to-use, and infrastructure assets (e.g., roads, sidewalks, streetlights, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Capital Assets (Continued)

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. The cost of infrastructure acquired prior to implementation of GASB 34 is included at estimated historical costs based on the current replacement cost of a similar asset and deflated through the use of price-level indexes at the time of implementation. Donated capital assets are recorded at acquisition value (entry price) on the date of donation. The City uses a capitalization threshold of \$25,000 for buildings, building improvements, and infrastructure, and \$5,000 for all other capital assets.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation and amortization on exhaustible assets is recorded as an allocated expense in the statement of activities with accumulated depreciation and amortization reflected in the statement of net position. Capital assets are depreciated or amortized using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for City purposes, no salvage value is taken into consideration for depreciation purposes. Estimated useful lives are as follows:

Buildings	10 to 50 Years
Infrastructure	10 to 50 Years
Machinery and Shop Equipment	5 to 10 Years
Office Equipment, Furniture, and	
Right-to-Use Equipment	3 to 20 Years

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The category of deferred outflow of resources reported in the statement of net position is related to debt refunding, pensions, and other postemployment benefits. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on pension and other postemployment benefits are more fully discussed in Notes 7 and 9.

In addition to liabilities, the statement of net position and the governmental funds balance sheet includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets or fund balance that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City's deferred inflows of resources reported on the statement of net position relate to pension and other postemployment benefits, which are more fully discussed in Notes 7 and 9. The statement of net position and the governmental funds balance sheet also report a deferred inflow of resources related to leases. The lease related deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus any payments received at or before the start of the lease term that relates to future periods, less any lease incentives paid to, or on behalf of the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

Under the modified accrual basis of accounting, deferred inflows of resources also include revenues not collected within the availability period after the fiscal year-end. The City has reported deferred inflows of resources related to unavailable revenues for property taxes, loans, grants, and special assessments. These amounts are deferred and will be recognized as an inflow of resources in the period that amounts become available.

N. Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of leave that has not been used that is attributable to services already rendered, accumulates and is more-likely-than-not to be used for time off or otherwise paid in cash or settled through noncash means. The liability also includes amounts for leave that has been used for time off but has not yet been paid in cash or settled through noncash means and certain other types of leave.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P. Long-Term Obligations

In the entity-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities and proprietary funds. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed in the year that the related debt was issued.

In the governmental fund financial statements, bond premiums and discounts are recognized during the current period. The face amount of the debt issue is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issue costs are reported as debt service expenditures.

Q. Other Postemployment Benefits (OPEB)

For purposes of measuring the OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net positions of the City's Retiree Benefits Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis of as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

R. Fund Balance

In the fund financial statements, governmental fund types report components of fund balance to provide information about fund balance availability for appropriation.

- **Nonspendable fund balance.** Represents amounts that are not in a spendable form or are required to be maintained intact.
- **Restricted fund balance.** Represents amounts available for appropriation but intended for a specific use and is legally restricted by outside parties.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Fund Balance (Continued)

- **Committed fund balance.** Represents constraints on spending that the government imposes upon itself by high-level formal action (resolution) prior to the close of the period. The committed amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.
- **Assigned fund balance.** Represents resources intended for spending for a purpose set by the governing body itself or by some person or body delegated to exercise such authority in accordance with policy established by the board. The City Council authorizes the Director of Finance & Administrative Services to assign fund balance that reflects the City's intended use of those funds.
- **Unassigned fund balance.** The residual classification for the government's General Fund and includes all spendable amounts not contained in the other classifications. It is the City's policy that at the end of each fiscal year, the City will maintain an assigned and unassigned portion of the fund balance for cash flow not less than 50% of next year's General Fund budgeted operating expenditures.

In accordance with the City's fund balance policy, when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available; it is the City's policy to use restricted first, then unrestricted fund balance. When an expenditure is incurred for purposes for which committed, assigned and unassigned fund balance is available, it is the City's policy to use committed first, then assigned and finally unassigned fund balance.

S. Net Position

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows in the government-wide and proprietary and fiduciary financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation and right-to-use assets, net of accumulated amortization, reduced by the outstanding balance of any debt or lease liability used to build or acquire the assets. Net position is reported as restricted in the government-wide financial statement when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

T. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. Adoption Of New Accounting Standards

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This statement updated the recognition and measurement guidance for compensated absences and associated salary-related payments and amended certain previously required disclosures.

The City adopted the requirements of the guidance effective January 1, 2024, and has applied the provisions of this standard to the beginning of the period of adoption. The implementation of this standard did not result in any material adjustments.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgets

Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles. Annual appropriated budgets are adopted for all funds. Budgeted expenditure appropriations lapse at year-end.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to September 30, the Finance Director submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Prior to December 31, the budget is legally enacted through passage of a resolution.
3. The Finance Director is authorized to transfer budgeted amounts within any department budget; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
4. Formal budgetary integration is employed as a management control device during the year for the general and special revenue funds.

B. Deficit Fund Balance

The City has deficit fund balance at December 31, 2024 in the following funds:

	Fund Balance (Deficit)
TIF #10-1 Runnings Redevelopment	<u>\$ (567,785)</u>

The City intends to fund this deficit through transfers/advances from other funds, additional property tax levies and various other sources.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 3 DEPOSITS AND INVESTMENTS

A. Deposits

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the balance sheet — governmental funds as Cash and Investments. In accordance with Minnesota Statutes the City maintains deposits at financial institutions which are authorized by the City Council.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City, including its blended component unit, does not have a specific deposit policy for custodial credit risk but rather follows Minnesota Statutes for deposits. Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds. Authorized collateral includes: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency.

Minnesota Statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at trust departments of a commercial bank or other financial institution not owned or controlled by the depository.

The City's deposits in banks at December 31, 2024 were entirely covered by federal depository insurance and collateral in accordance with Minnesota Statutes.

B. Investments

The City may also invest idle funds as authorized by Minnesota Statutes and the City's investment policy as follows:

- Direct obligations or obligations guaranteed by the United States or its agencies.
- Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating; is rated in one of the two highest rating categories by a statistical rating agency; and all of the investments have a final maturity of 13 months or less.
- General obligations rated "A" or better; revenue obligations rated "AA" or better.
- General obligations of the Minnesota Housing Finance Agency rate "A" or better.
- Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

In addition to the above, Minnesota Statutes authorize cities to invest, under certain conditions, in commercial paper, guaranteed investment contracts, repurchase agreements, and securities lending agreements, however, the City investment policy does not allow these types of investments.

Fair Value Measurements

The City uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

The City follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the City has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the statement of net position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities. The inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use in pricing the asset.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

The following information provides disclosures related to the City's December 31, 2024 investment balances:

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City's investment policy does not specifically restrict investments as to maturities.

Investments Held with Broker

Information about the sensitivity of the City's broker-held investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Type	Total	12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
U.S. Government Agencies	\$ 6,096,662	\$ 595,808	\$ 1,197,873	\$ 2,237,022	\$ 2,065,959
Municipal Securities	7,117,429	2,731,568	1,121,784	1,099,797	2,164,280
Money Markets	128,372	128,372	-	-	-
External Investment Pool	2,844,756	2,844,756	-	-	-
Total	\$ 16,187,219	\$ 6,300,504	\$ 2,319,657	\$ 3,336,819	\$ 4,230,239

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investment policy does not further limit its investing options beyond state statute.

The following chart summarizes year-end ratings for the City's investments:

Type	Credit Quality Rating		Amount
	Aaa	Not Rated	
U.S. Government Agencies	Aaa		\$ 6,096,662
Municipal Securities	Not Rated		168,521
Municipal Securities	Aaa		1,223,917
Municipal Securities	Aa1		1,195,962
Municipal Securities	Aa2		3,120,082
Municipal Securities	Aa3		1,089,163
Municipal Securities	A1		319,784
Total			\$ 13,214,091

The external investment pool and money markets are not rated.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City will minimize custodial credit risk by limiting investments to the types of securities listed in the investment policy and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the City will do business in accordance with this investment policy.

Concentration of Credit Risk

The City places no limit on the amount that it may invest in any one issuer. The following securities exceed 5% of the City's investment portfolio:

Type	Amount	Percentage
Federal Home Loan Bank	\$ 2,120,057	13.1 %
Federal National Mortgage Association	876,500	5.4
Federal Home Loan Mortgage Corporation	1,382,741	8.5
Federal Farm Credit Bank Bond	1,711,338	10.6

Fair Value Measurement

City Investments are measured as follows:

	December 31, 2024	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Investments by Fair Value Level:				
U.S. Government Agencies	\$ 4,296,840	\$ -	\$ 4,296,840	\$ -
U.S. Government Agencies - Mortgage-Backed	1,799,822	-	1,799,822	-
Municipal Bonds	7,117,429	-	7,117,429	-
Total Investments at Fair Value	13,214,091	\$ -	\$ 13,214,091	\$ -
Investments Measured at Amortized Cost:				
Money Market	128,372			
External Investment Pool	2,844,756			
Total Investments Measured at Amortized Cost	2,973,128			
Total Investments	\$ 16,187,219			

The City's investment with the 4M fund is regulated by Minnesota Statutes and the Board of Directors of the League of Minnesota Cities. The 4M fund is an unrated external investment pool and the fair value of the position in the pool is the same as the value of pool shares. The pool is valued at amortized cost. For this investment pool, there are no restrictions on withdrawals from the 4M Liquid Asset Fund, which may be affected on a same day basis. All investments in the 4M PLUS Fund must be deposited for a minimum of 14 calendar days. Withdrawals prior to the 14-day restriction period will be subject to a penalty equal to seven days interest on the amount withdrawn.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Fair Value Measurement (Continued)

The Limited Term Duration Fund (LTD) requires a minimum balance of \$50,000 and redemption from the LTD Fund may only be made on the third Wednesday of each month upon at least two weeks advance notice. Term Series investments are designed to be held to maturity. If an investment made in a Term Series is withdrawn prior to the maturity date, seven days' notice of redemption is required, and a penalty will likely be assessed. The penalty, which may be substantial, could include the amount necessary to recoup for the Series any penalty charges, losses and other costs attributable to the early redemption.

Financial Statement Presentation

Deposits and investments are presented in the financial statements as follows:

The change in the compensated absence liability is presented as a net change.

For the governmental activities, compensated absences payable is generally liquidated by the General Fund.

The City's outstanding notes from direct borrowings related to the Water Fund debt of \$4,613,859 contain (1) a provision that if the City is unable to make a payment when due, an interest penalty may be imposed and one or more of the following remedies may be exercised: (a) withhold approval of any disbursement request; (b) reject any pending application by the City for financial assistance; (c) to the extent permitted by law, demand immediate payment of the note in full and upon such demand, the outstanding principal amount of the note will be immediately due and payable with interest accrued thereon to the date of payment; (d) exercise any other remedy availability under law; and (2) a provision that if the City fails to comply with any other provision within the note agreement an immediate increase in the interest rate on the loan by eliminating all interest rate discounts that were originally applied, in addition, the default remedies for failure to make a payment as listed above may be exercised.

All long-term bonded indebtedness outstanding at December 31, 2024, is backed by the full faith and credit of the City, including special assessment bond issues.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 5 CITY INDEBTEDNESS (CONTINUED)

Description and Restrictions of Long-Term Debt

2009 General Obligation Revenue Note – On November 17, 2009, the City issued a note to the Minnesota Public Facilities Authority for \$6,526,070. The total amount drawn on this note was \$6,083,071. The note has a final maturity of August 20, 2039. The outstanding balance of the note bears interest at 2.936% annually. The note was issued in connection with the financing of a drinking water project.

Electric Utility Revenue Bonds, Series 2013A – On March 5, 2013, the City Council issued \$2,065,000 of Revenue Bonds, Series 2013A. The bond has a final maturity of December 1, 2027. The outstanding balance of the bond bears interest at 1.00% to 2.50% annually. The bond was issued in connection with funding capital improvements to the hydroelectric power generation and distribution system.

General Obligation Refunding Bonds, Series 2014A – On February 27, 2014, the City issued \$1,820,000 of General Obligation Refunding Bonds, Series 2014A, which were used to prepay the February 1, 2014, through February 1, 2024, maturities of the City's General Obligation Refunding Bonds, Series 2005A.

General Obligation Water Revenue Bonds, Series 2018A – On October 1, 2018, the City Council issued \$720,000 of Revenue Bonds, Series 2018A. The bond has a final maturity of February 1, 2034. The outstanding balance of the bond bears interest ranging from 3.00% to 3.25% annually.

Electric Utility Revenue Refunding Bonds, Series 2019A – On December 5, 2019, the City Council issued \$2,415,000 of Revenue Refunding Bonds, Series 2019A. The bond has a final maturity of December 1, 2031. The outstanding balance of the bond bears interest at 2.35% annually. The bond refunded the series 2011B Electric Utility Revenue Bonds. The difference in cash flows between the old and new debt will be a savings of \$139,956 over the life of the bond. The economic gain on refunding calculated on a present value basis totaled \$115,408.

General Obligation Capital Improvement Plan Refunding Note, Series 2020A – On May 11, 2020, the City Council issued \$780,000 of General Obligation Refunding Note, Series 2020A. The bond has a final maturity of February 1, 2034. The outstanding balance of the bond bears interest at 1.90% annually. The bond refunded the series 2013B General Obligation Improvement Plan Bonds. The difference in cash flows between the old and new debt will be a savings of \$117,533 over the life of the bond. The economic gain on refunding calculated on a present value basis totaled \$111,817.

General Obligation Refunding Bond, Series 2020B – On October 1, 2020, the City Council issued \$854,000 of General Obligation Refunding Bond, Series 2020B. The bond has a final maturity of February 1, 2026 for governmental activities portion and February 1, 2029 for business-type activites. The outstanding balance of the bond bears interest ranging from .55% to 1.30% annually. The bond refunded the series 2013C General Obligation Water and Sewer Revenue Bonds and the 2008A PIR bonds. The difference in cash flows between the old and new debt will be a savings of \$57,995 over the life of the bond. The economic gain on refunding calculated on a present value basis totaled \$56,487.

G.O Notes from Direct Borrowings includes maturities of \$2,731,873 for 2024 General Obligation Revenue Note, however only \$932,859 has been drawn as of December 31, 2024.

NOTE 6 LEASES

Lessee

On September 2, 2014, the City entered into a long-term, noncancelable lease agreement with the County of Redwood for the leasing of office space. The lease will expire on August 31, 2029.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 6 LEASES (CONTINUED)

Lessee (Continued)

On July 9, 2020, the City entered into a long-term, noncancelable lease agreement with Quadient Leasing Inc. for the leasing of a postage meter. The lease will expire on July 14, 2025.

Principal and interest requirements to maturity under lease agreements are as follows:

<u>Year Ending December 31</u>	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2025	\$ 81,615	\$ 9,442
2026	82,389	7,242
2027	84,641	4,990
2028	86,955	2,676
2029	59,286	467
Total	\$ 394,886	\$ 24,817

Lessor

The City, acting as lessor, entered into a long-term, noncancelable lease agreement on January 1, 2022, with National Mentor Healthcare, LLC, for the leasing of a 2,000 square foot premise. The lease will expire on February 28, 2027.

The City, acting as lessor, entered into a long-term, noncancelable lease agreement on July 3, 2024, with Cubik Promotions, Inc., for the leasing of a 1,700 square foot premise. The lease will expire on June 3, 2027.

The City, acting as lessor, entered into a long-term, noncancelable lease agreement on January 1, 2016, with North Memorial Health Care, for the leasing of a hangar facility. The lease will expire on December 31, 2026.

During the year ended December 31, 2024, the City recognized \$65,093 and \$4,202 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Principal and interest payments to be received under lease agreements are as follows:

<u>Year Ending December 31</u>	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2025	\$ 69,669	\$ 3,331
2026	71,624	1,376
2027	11,734	99
Total	\$ 153,027	\$ 4,806

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7 DEFINED BENEFIT PENSION PLANS

A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, chapters 353, 353D, 353E, 353G, and 356. Minnesota Statutes chapter 356 defines each plan's financial reporting requirements. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Plan

Membership in the General Plan includes employees of counties, cities, townships, schools in non-certified positions, and other governmental entities whose revenues are derived from taxation, fees, or assessments. Plan membership is required for any employee who is expected to earn more than \$425 in a month, unless the employee meets exclusion criteria.

2. Public Employees Police and Fire Plan

Membership in the Police and Fire Plan includes full-time, licensed police officers and firefighters who meet the membership criteria defined in Minnesota Statutes section 353.64 and who are not earning service credit in any other PERA retirement plan or a local relief association for the same service. Employers can provide Police and Fire Plan coverage for part-time positions and certain other public safety positions by submitting a resolution adopted by the entity's governing body. The resolution must state that the position meets plan requirements.

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service. When a member is "vested," they have earned enough service credit to receive a lifetime monthly benefit after leaving public service and reaching an eligible retirement age. Members who retire at or over their Social Security full retirement age with at least one year of service qualify for a retirement benefit.

1. General Employees Plan Benefits

General Employees Plan requires three years of service to vest. Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Plan members. Members hired prior to July 1, 1989, receive the higher of the Step or Level formulas. Only the Level formula is used for members hired after June 30, 1989.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

B. Benefits Provided (Continued)

1. General Employees Plan Benefits (Continued)

Under the Step formula, General Plan members receive 1.2% of the highest average salary for each of the first 10 years of service and 1.7% for each additional year. Under the Level formula, General Plan members receive 1.7% of highest average salary for all years of service. For members hired prior to July 1, 1989 a full retirement benefit is available when age plus years of service equal 90 and normal retirement age is 65. Members can receive a reduced requirement benefit as early as age 55 if they have three or more years of service. Early retirement benefits are reduced by 0.25% for each month under age 65. Members with 30 or more years of service can retire at any age with a reduction of 0.25% for each month the member is younger than age 62. The Level formula allows General Plan members to receive a full retirement benefit at age 65 if they were first hired before July 1, 1989 or at age 66 if they were hired on or after July 1, 1989. Early retirement begins at age 55 with an actuarial reduction applied to the benefit.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. The 2024 annual increase was 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a prorated increase.

2. Police and Fire Plan Benefits

Benefits for Police and Fire Plan members hired before July 1, 2010, are vested after three years of service. Members hired on or after July 1, 2010, are 50% vested after five years of service and 100% vested after ten years. After five years, vesting increase by 10% each full year of service until members are 100% vested after ten years. Police and Fire Plan members receive 3% of highest average salary for all years of service. Police and Fire Plan members receive a full retirement benefit when they are age 55 and vested, or when their age plus their years of service equals 90 or greater if they were first hired before July 1, 1989. Early retirement starts at age 50, and early retirement benefits are reduced by 0.417% each month members are younger than age 55.

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1%. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a prorated increase.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

C. Contributions

Minnesota Statutes chapters 353, 353E, 353G, and 356 set the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

1. General Employees Fund Contributions

General Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2024 and the City was required to contribute 7.50% for General Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2024, were \$298,241. The City's contributions were equal to the required contributions as set by state statute.

2. Police and Fire Fund Contributions

Police and Fire Plan members were required to contribute 11.80% of their annual covered salary in fiscal year 2024 and the City was required to contribute 17.70% for Police and Fire Plan members. The City's contributions to the Police and Fire Fund for the year ended December 31, 2024, were \$200,608. The City's contributions were equal to the required contributions as set by state statute.

D. Pension Costs

1. General Employee Fund Pension Costs

At December 31, 2024, the City reported a liability of \$1,704,640 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$44,078.

City's Proportionate Share of the Net Pension Liability	\$ 1,704,640
State of Minnesota's Proportionate Share of the Net Pension Liability with the City	44,078
Total	\$ 1,748,718

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

1. General Employee Fund Pension Costs (Continued)

The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2023 through June 30, 2024, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was .0461% at the end of the measurement period and .0493% for the beginning of the period.

For the year ended December 31, 2024, the City recognized pension expense of \$127,684 for its proportionate share of the General Employees Plan's pension expense. In addition, the City recognized an additional \$546 as pension expense (and grant revenue) for its proportionate share of the state of Minnesota's pension expense for the annual \$16 million contribution.

During the plan year ended June 30, 2024, the state of Minnesota contributed \$170.1 million to the General Employees Fund. The state of Minnesota is not included as a nonemployer contributing entity in the General Employees Plan pension allocation schedules for the \$170.1 million in direct state aid because this contribution was not considered to meet the definition of a special funding situation. The City recognized \$78,429 for the year ended December 31, 2024 as revenue and an offsetting reduction of net pension liability for its proportionate share of the state of Minnesota's on-behalf contributions to the General Employees Fund.

At December 31, 2024, the City reported its proportionate share of General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual		
Experience	\$ 160,281	\$ -
Changes in Actuarial Assumptions	8,323	645,178
Net Difference Between Projected and Actual		
Investment Earnings	-	495,013
Changes in Proportion	21,141	150,347
City Contributions Subsequent to the		
Measurement Date	149,300	-
Total	<u><u>\$ 339,045</u></u>	<u><u>\$ 1,290,538</u></u>

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

1. General Employee Fund Pension Costs (Continued)

The \$149,300 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	<u>City Pension Expense Amount</u>
2025	\$ (578,904)
2026	(132,266)
2027	(258,971)
2028	(130,652)

2. Police and Fire Fund Pension Costs

At December 31, 2024, the City reported a liability of \$1,034,969 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2023 through June 30, 2024, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0787% at the end of the measurement period and 0.0820% for the beginning of the period.

The state of Minnesota contributed \$37.4 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2024. The contribution consisted of \$9 million in direct state aid that meets the definition of a special funding situation, additional one-time direct state aid contribution of \$19.4 million, and \$9 million in supplemental state aid that does not meet the definition of a special funding situation. Additionally, \$9 million supplemental state aid was paid on October 1, 2024. Thereafter, by October 1 of each year, the state will pay \$9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The \$9 million in supplemental state aid will continue until the fund is 90% funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90% funded, whichever occurs later. The state of Minnesota's proportionate share of the net pension liability associated with the City totaled \$39,453.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

2. Police and Fire Fund Pension Costs (Continued)

City's Proportionate Share of the Net Pension Liability	\$ 1,034,969
State of Minnesota's Proportionate Share of the Net Pension Liability with the City	39,453
Total	<u><u>\$ 1,074,422</u></u>

For the year ended December 31, 2024, the City recognized pension expense of \$211,983 for its proportionate share of the Police and Fire Plan's pension expense. The City recognized \$15,510 as grant revenue and pension expense for its proportionate share of the State of Minnesota's pension expense for the contribution of \$9 million to the Police and Fire Fund special funding situation.

The state of Minnesota is not included as a nonemployer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the \$28.4 million in supplemental state aid because this contribution was not considered to meet the definition of a special funding situation. The City recognized \$22,339 for the year ended December 31, 2024 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

At December 31, 2024, the City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 403,336	\$ -
Changes in Actuarial Assumptions	1,137,699	1,524,018
Net Difference Between Projected and Actual Investment Earnings	-	336,521
Changes in Proportion	77,249	62,520
City Contributions Subsequent to the Measurement Date	104,834	-
Total	<u><u>\$ 1,723,118</u></u>	<u><u>\$ 1,923,059</u></u>

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

2. Police and Fire Fund Pension Costs (Continued)

The \$104,834 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	City Pension Expense Amount
2025	\$ (49,601)
2026	279,498
2027	(146,837)
2028	(401,924)
2029	14,089

3. Summary

The aggregate amount of net pension liability, net pension asset, deferred outflows of resources, deferred inflows of resources, and pension expense for the City's defined benefit pension plans are summarized below. These liabilities are typically liquidated by the individual activity in which the employees costs are associated.

	General Employees Fund	Police and Fire Fund	Fire Relief	Total
Net Pension Liability	\$ 1,704,640	\$ 1,034,969	\$ -	\$ 2,739,609
Net Pension Asset	-	-	93,605	93,605
Deferred Outflows of Resources	339,045	1,723,118	93,592	2,155,755
Deferred Inflows of Resources	1,290,538	1,923,059	32,812	3,246,409
Pension Expense	128,230	227,493	(18,920)	336,803

E. Total Pension Expense

The total pension expense (revenue) for all plans recognized by the City for the year ended December 31, 2024, was \$336,803, which includes (\$18,920) for the volunteer firefighters relief association (additional information in Note 14).

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

F. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	33.5 %	5.10 %
International Equity	16.5	5.30
Fixed Income	25.0	0.75
Private Markets	25.0	5.90
Total	100.0 %	

G. Actuarial Methods and Assumptions

The total pension liability for each of the cost-sharing defined benefit plans was determined by an actuarial valuation as of June 30, 2024, using the entry age normal actuarial cost method. The long-term rate of return on pension plan investments used to determine the total liability is 7%. The 7% assumption is based on a review of inflation and investment return assumptions from a number of national investment consulting firms. The review provided a range of investment return rates considered reasonable by the actuary. An investment return of 7% is within that range.

Inflation is assumed to be 2.25% for the General Employees Plan and 2.25% for the Police and Fire Plan. Benefit increases after retirement are assumed to be 1.25% for the General Employees Plan, and 1% for the Police and Fire Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3.0% after 27 years of service. In the Police and Fire Plan, salary growth assumptions range in annual increments from 11.75% after one year of service to 3.0% after 24 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police and Fire Plan are based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

G. Actuarial Methods and Assumptions (Continued)

Actuarial assumptions for the General Employees Plan are reviewed every four years. The General Employees Plan was last reviewed in 2022. The assumption changes were adopted by the board and became effective with the July 1, 2023 actuarial valuation. The Police & Fire Plan was reviewed in 2024. PERA anticipates the experience study will be approved by the Legislative Commission on Pensions and Retirement and become effective with the July 1, 2025 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2024:

General Employee Fund

Changes in actuarial assumptions:

- Rates of merit and seniority were adjusted, resulting in slightly higher rates.
- Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members.
- Minor increase in assumed withdrawals for males and females.
- Lower rates of disability.
- Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study.
- Minor changes to form of payment assumptions for male and female retirees.
- Minor changes to assumptions made with respect to missing participant data.

Changes in Plan Provisions:

- The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

Police and Fire Plan

Changes in actuarial assumptions:

- There were no changes in plan provisions since the previous valuation.

Changes in Plan Provisions:

- The State contribution of \$9.0 million per year will continue until the earlier of 1) both the Police and Fire Plan and the State Patrol Retirement Fund attain 90% funded status for three consecutive years (on an actuarial value of assets basis) or 2) July 1, 2048. The contribution was previously due to expire after attaining a 90% funded status for one year.
- The additional \$9.0 million contribution will continue until the Police & Fire Plan is fully funded for a minimum of three consecutive years on an actuarial value of assets basis, or July 1, 2048, whichever is earlier. This contribution was previously due to expire upon attainment of fully funded status on an actuarial value of assets basis for one year (or July 1, 2048 if earlier).

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 7 DEFINED BENEFIT PENSION PLANS (CONTINUED)

H. Discount Rate

The discount rate used to measure the total pension liability in 2024 was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees, and Police and Fire Plans were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

I. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

Description	1% Decrease (6.0%)	Current Discount Rate (7.0%)	1% Increase (8.0%)
City's Proportionate Share of the General Employee Net Pension Liability	\$ 3,723,207	\$ 1,704,640	\$ 44,184
City's Proportionate Share of the Police and Fire Net Pension Liability	2,445,834	1,034,969	(123,646)

J. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

NOTE 8 PUBLIC EMPLOYEES DEFINED CONTRIBUTION PLAN (DEFINED CONTRIBUTION PLAN)

Four council members of the City are covered by the Defined Contribution Plan, a multiemployer deferred compensation plan administered by PERA. The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code (IRC) and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 8 PUBLIC EMPLOYEES DEFINED CONTRIBUTION PLAN (DEFINED CONTRIBUTION PLAN) (CONTINUED)

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. *Minnesota Statutes*, Chapter 353D and 356, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes 5% of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees contributions must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2% of employer contributions and 0.25% of 1% of the assets in each member's account annually.

Total contributions made by the City during fiscal year 2024 were:

Contribution Amount		Percentage of Covered Payroll		Required Rate
Employee	Employer	Employee	Employer	
\$ 1,021	\$ 1,021	5%	5%	5%

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN

A. Plan Description

The City operates a single-employer retiree defined benefit plan (the Plan) that provides health insurance to eligible employees and their spouses through the City's health insurance plan. There are 64 active participants and one retired participant as of January 1, 2023. There are no inactive plan members entitled to but not receiving benefits.

Benefit and eligibility provisions are established through negotiations between the City and various unions representing City employees and are generally renegotiated in two- or three-year bargaining periods. The Plan does not issue a publicly available financial report.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

B. Funding Policy

The City has no assets accumulated in a trust that meets the criteria in GASB 75. Contribution requirements are negotiated between the City and union representatives. Qualified employees may choose to participate in the City's insurance plan after retirement, with no contribution from the City. The City provides these benefits to retirees as required by Minnesota Statutes §471.61 subdivision 2b. The City is funding this liability on a pay-as-you-go basis. For the year ended 2024, the City contributed \$20,600 to the plan.

C. Actuarial Methods and Assumptions

The City's OPEB liability was measured as of January 1, 2024, and the total OPEB liability was determined by an actuarial valuation as of January 1, 2023 and rolled forward to January 1, 2024.

The total OPEB liability was determined by an actuarial valuation as of January 1, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary	Service graded table
Health Care Trend Rates	6.5%, decreasing to 5.0% over 6 years, then to 4.0% over next 48 years

Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale.

The actuarial assumptions used in the January 1, 2023, valuation are based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information as well as for consistency with the other economic assumptions.

The discount rate used to measure the total OPEB liability was 4.0%. The discount rate is equal to the 20-Year AA rated Municipal Bond Yield.

Since the most recent OPEB valuation, the following changes in assumptions have been made:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

C. Actuarial Methods and Assumptions (Continued)

- The mortality tables were updated from the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale.
- The inflation rate was changed from 2.00% to 2.50%.
- The discount rate was changed from 2.00% to 4.00%.
- The salary increase rates for public safety employees were updated to reflect the latest experience study.
- The retirement and withdrawal rates for public safety employees were updated to reflect the latest experience study.

D. Changes in Total OPEB Liability

Balance as of January 1, 2024	\$ 430,203
Changes for the Year:	
Service Cost	37,194
Interest	18,354
Benefit Payments	<u>(17,275)</u>
Net Change	<u>38,273</u>
Balance as of December 31, 2024	<u><u>\$ 468,476</u></u>

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
Total OPEB Liability	\$ 507,687	\$ 468,476	\$ 431,931

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using health care cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current health care cost trend rates:

	1% Decrease	Health Care Cost Trend Rate	1% Increase
Total OPEB Liability	\$ 410,037	\$ 468,476	\$ 538,179

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

D. Changes in Total OPEB Liability (Continued)

For the year ended December 31, 2024, the City recognized OPEB expense of (\$1,708). The OPEB liability is typically liquidated by the individual activity in which the employees costs are associated.

At December 31, 2024, the City reported deferred outflows and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Liability	\$ -	\$ 152,505
Changes in Actuarial Assumptions	11,092	47,294
Benefits Paid Subsequent to the Measurement Date	20,600	-
Total	\$ 31,692	\$ 199,799

\$20,600 reported as deferred outflows of resources related to OPEB resulting from City payment of benefits subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended December 31, 2025.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending December 31</u>	<u>OPEB Amount</u>
2025	\$ (57,250)
2026	(36,973)
2027	(36,973)
2028	(36,972)
2029	(20,539)

Total	<u><u>\$ 1,369,418</u></u>	<u><u>\$ (1,369,418)</u></u>

Interfund transfers are other financing sources and uses within the fund financial statements. The purpose of the transfers are to provide funding for capital improvement projects, capital outlay, and debt service.

NOTE 11 RELATED PARTY TRANSACTIONS

During the year ended December 31, 2024, the City made purchases of services and supplies from one related party business owned by a Council member totaling \$435.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 12 COMMITMENTS AND CONTINGENCIES

Construction Commitments

As of December 31, 2024, the City had active construction projects related to a variety of projects including various reconstructions of streets and a wastewater facility center. Total remaining commitments under these contracts were as follows at December 31, 2024:

General Fund	\$ 51,399
Airport Fund	444,950
Capital Projects Fund	1,061,557
Water Fund	163,764
Sewer Fund	5,809,454
Storm Sewer Fund	221,171
Electric Fund	79,638
Total Construction Commitments	<u>\$ 7,831,933</u>

Federal and State Funds

The City receives financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the applicable fund. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at December 31, 2024.

Purchased Power

Under its wholesale power agreement, the City is committed to purchase its electric power and energy requirements from Southern Minnesota Municipal Power Agency (SMMPA) and Western Area Power Administration (WAPA) until April 1, 2050, and December 1, 2050, respectively. The rates are subject to review annually.

Other

In the normal course of business, there could be various outstanding contingent liabilities such as, but not limited to, the following:

- Lawsuits alleging negligence in care
- Environmental pollution
- Violation of regulatory body's rules and regulations
- Violation of federal and/or state laws

No contingent liabilities such as, but not limited to those described above, are reflected in the accompanying financial statements. No such liabilities have been asserted and therefore, no estimate of loss, if any, is determinable.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 13 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Workers' compensation coverage is provided through a pooled self-insurance program through the League of Minnesota Cities Insurance Trust (LMCIT). The City pays an annual premium to LMCIT. The City is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through Workers' Compensation Reinsurance Association (WCRA) as required by law. For workers' compensation, the City is not subject to a deductible. The City's workers' compensation coverage is retrospectively rated. With this type of coverage, final premiums are determined after loss experience is known. The amount of premium adjustment, if any, is considered immaterial and not recorded until received or paid.

Property and casualty insurance is provided through a pooled self-insurance program through the LMCIT. The City pays an annual premium to the LMCIT. The City is subject to supplemental assessments if deemed necessary by the LMCIT. The LMCIT reinsures through commercial companies for claims in excess of various amounts. The City retains risk for the deductible portion of the insurance policies and for any exclusions from the insurance policies. These amounts are considered immaterial to the financial statements.

The City self-insures for a portion of the deductible related to its employee group health plan. This activity is accounted for in the Internal Service Insurance Fund. The City does not retain any risk of loss beyond the self-insured portion of the deductible. The amounts charged to expenses include administrative fees, claims paid, and accruals for claims incurred but not paid. The City recorded total expenses of \$1,539,873 for the year ended December 31, 2024.

Liability for unpaid claims is included in the self-insurance fund as claims payable.

Beginning of the Year Liability, January 1, 2024	\$ 8,948
Incurred Claims	1,538,189
Claims Paid	<u>(1,543,333)</u>
End of the Year Liability, December 31, 2024	<u>\$ 3,804</u>

Beginning of the Year Liability, January 1, 2023	\$ 15,618
Incurred Claims	1,350,620
Claims Paid	<u>(1,357,290)</u>
End of the Year Liability, December 31, 2023	<u>\$ 8,948</u>

The City continues to carry commercial insurance for all other risks of loss, including disability and employee health insurance.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 14 VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION

A. Plan Description

Firefighters of the City of Redwood Falls are members of the Redwood Falls Firefighters Relief Association. The Association is the administrator of the single-employer defined benefit pension plan available to firefighters. The plan is administered pursuant to Minnesota Statutes Chapter 69, Chapter 424A, and the Association's by-laws. As of December 31, 2024, membership includes 31 active participants and one retiree entitled to benefits but not yet receiving them. The plan issues a stand-alone financial statement.

B. Benefits Provided

Authority for payment of pension benefits is established in Minnesota Statutes §69.77 and may be amended only by the Minnesota State Legislature. Each member who is at least 50 years of age, has retired from the Fire Department, has served at least 20 years of active service with such department before retirement shall be entitled to a lump-sum service pension in the amount of \$3,450 for each year of active Fire Department service (including each year over 20) but not exceeding the maximum amount per year of service allowed by law for the minimum average amount of available financing per firefighter as prescribed by law.

Pursuant to Minnesota Statutes §424A.02, Subds. 2 and 4, members who retire with 10 years of service and have reached the age of 50 years are eligible for a retirement benefit. Members who retire before full retirement age and years of service requirements are eligible for a reduced benefit, based on the vesting schedule as set forth in Minnesota Statutes §424A.02, Subd. 2(c). During the time a member is on early vested pension, they will not be eligible for disability benefits.

If a member of the Volunteer Firefighters Relief Association (the Association) shall become permanently or totally disabled, the Association shall pay the sum of \$3,450 for each year the member was an active member of the City of Redwood Falls Fire Department. If a member who received a disability pension subsequently recovers and returns to active duty, the disability pension is deducted from the service pension. A death benefit is also available, which is payable to a survivor.

Minnesota Statutes Section 424A.10 provides for the payment of a supplemental benefit equal to 10% of a regular lump sum distribution up to a maximum of \$1,000. The supplemental benefit is in lieu of state income tax exclusion for lump-sum distributions and will no longer be available if state tax law is modified to exclude lump-sum distributions from state income tax. The Association qualifies for these benefits.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 14 VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION (CONTINUED)

C. Contributions

Minnesota Statutes Chapter 69.772 specifies minimum support rates required on an annual basis. The minimum support rates from the municipality and from state aid are determined as the amount required to meet the normal cost plus amortizing any existing prior service costs over a 10-year period. The significant actuarial assumptions used to compute the municipal support are the same as those used to compute the accrued pension liability. The Association is comprised of volunteers; therefore, there are no payroll expenditures (i.e., there are no covered payroll percentage calculations). The minimum contribution from the City of Redwood Falls and state aid is determined as follows:

	Normal Cost
+	Amortization Payment on Unfunded Accrued Liability Prior to Any Change
+	Amortization Contribution on Unfunded Accrued Liability Attributed to Any Change
+	Administrative Expenses
-	Anticipated State Aid
-	Projected Investment Earnings
=	<u>Total Contribution Required</u>

The Plan is funded in part by fire state aid and, if necessary, City contributions. The state of Minnesota distributed to the City \$67,065 in fire state aid paid by the City to the Relief Association for the year ended December 31, 2024. Required employer contributions are calculated annually based on statutory provisions. There was a statutorily required contribution to the plan for the year ended December 31, 2024 totaling \$16,008.

D. Pension Costs

At December 31, 2024, the City reported an asset of \$93,605 for the Association's net pension asset. The net pension asset was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of January 1, 2023.

As a result of its requirement to contribute to the Relief Association, the City recognized expense of (\$18,920) for the year ended December 31, 2024. At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 2,485	\$ 19,636
Changes in Actuarial Assumptions	11,135	13,176
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	79,972	-
Total	\$ 93,592	\$ 32,812

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 14 VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION (CONTINUED)

D. Pension Costs (Continued)

Amounts reported as deferred outflows and inflows of resources related to the Association's pension will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	<u>Pension Expense Amount</u>
2025	\$ 20,117
2026	29,568
2027	31,690
2028	(17,691)
2029	(2,904)

E. Actuarial Assumptions

The actuarial total pension liability was determined as of January 1, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	January 1, 2023
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar
Actuarial Assumptions:	
Discount Rate	5.75%
Investment Rate of Return	5.75%
20-Year Municipal Bond Yield	N/A
Age of Service Retirement	50

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rates of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation.

The current year discount rate is 5.75% which is the same as the prior year. The benefit level also stayed the same at \$3,450.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 14 VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION (CONTINUED)

E. Actuarial Assumptions (Continued)

Best estimates of geometric real and nominal rates of return for each major asset class included in the pension plan's asset allocation as of January 1, 2024 are summarized in the following table:

Asset Class	Allocation at January 1, 2024	Long-Term Expected Real Rate of Return
Cash	10.0 %	2.00 %
Fixed Income	39.0	3.90
Equities	51.0	8.10
Total	100.0 %	5.75 %

F. Discount Rate

The discount rate used to measure the total pension liability was 5.75%. Assets were projected using expected benefit payments and expected asset returns. Expected benefit payments were discounted by year using expected assets return assumption for years in which the assets were sufficient to pay all benefit payments. Any remaining benefit payments after the trust fund is exhausted are discounted at the municipal bond rate of return. The equivalent single rate is the discount rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

G. Pension Asset Sensitivity

The following presents the City of Redwood Fall's proportionate share of the net pension asset of the Association, calculated using the selected discount rate of 5.75%, as well as what the Association's net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (4.75%) or 1-percentage-point higher (6.75%) than the current rate:

	1% Decrease	Selected Discount Rate	1% Increase
Net Pension Asset	\$ (73,503)	\$ (93,605)	\$ (113,065)
Discount Rate	4.75 %	5.75 %	6.75 %

H. Plan's Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued financial report that includes financial statements and required supplementary information. That report may be obtained on-line at <https://ci.redwood-falls.mn.us/city-departments/fire-department/>, by writing to Redwood Falls City Hall at 333 S. Washington St. Redwood Falls, MN 56283 or by email at info@ci.redwood-falls.mn.us.

 Association's Net Pension Asset -		
End of Year (a) - (b)	\$ (93,605)	

NOTE 15 CONDUIT DEBT OBLIGATIONS

The City has issued a housing revenue note for the purpose of providing capital financing to a private enterprise. Even though the debt bears the City's name, the City is not responsible for the payment of the original debt. The debt is secured by the payments agreed to be paid by the private enterprise under the terms of the agreement between the City and the enterprise. In addition, no commitments beyond the payments from the enterprise and maintenance of the tax-exempt status of the conduit debt obligations were extended by the City for this note. During 2024, the conduit debt was paid off.

NOTE 16 SUMMARY OF OTHER ITEMS

The City, in connection with the normal conduct of its affairs, is involved in various claims, judgments, and litigations. The City estimates that the potential claims resulting from such litigation and not covered by insurance would not materially affect the financial statements of the City. No liability or provision for loss has been recorded in the December 31, 2024 financial statements in relation to these matters.

**CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 17 TAX ABATEMENTS

The City established a municipal redevelopment district in 2014 as authorized under Minnesota Statutes §§ 469.124 through 469.134. The Redevelopment TIF District permits the City to assist virtually any type of development or redevelopment project within the boundaries of the TIF District, as long as assistance aids in the removal of blighting conditions. The District has a maximum life of 25 years from the receipt of the first tax increment; that is, 26 TIF collections. The TIF revenues are paid to the City through the property tax collection process. Ninety percent (90%) of the tax increments generated from the TIF District must be used to finance the cost of correcting conditions that allow designation as a redevelopment district. For the year ended December 31, 2024, the City paid excess tax increment in the amount of \$70,246. No other commitments were made by the City as a part of this agreement.

The City negotiates property tax abatement agreements on an individual basis. The City has tax abatement agreements with various entities as of December 31, 2024. Each agreement is negotiated under Minnesota Statutes sections 469.1812 through 469.1815. Under the statutes, the City may grant property tax abatements for the purpose of attracting and retaining business. The City abated taxes totaling \$21,183 for the year ending December 31, 2024.

- The City's share of the property tax generated by the expansion of an assisted living facility for a term of 15 years. The abatement amounted to \$4,231.
- The City's share of the real property taxes generated from a housing project for a term of 18 years. The abatement amounted to \$13,952.
- The City's share of the real property taxes generated from a childcare facility project for a term of 15 years. The abatement amounted to \$3,000.

As of December 31, 2024, the City has not made any commitments as part of the agreements other than to reduce taxes. The City is not subject to any tax abatement agreements entered into by other governments.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 1 BUDGETS

Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles. Annual appropriated budgets are adopted for all funds. Budgeted expenditure appropriations lapse at year-end.

NOTE 2 LEGAL COMPLIANCE – BUDGETS

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to September 30, the Finance Director submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
2. Prior to December 31, the budget is legally enacted through passage of a resolution.
3. The Finance Director is authorized to transfer budgeted amounts within any department budget; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
4. Formal budgetary integration is employed as a management control device during the year for the general and special revenue funds.

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the year ended June 30:

A. General Employees Fund

2024 Changes

Changes in Actuarial Assumptions:

- Rates of merit and seniority were adjusted, resulting in slightly higher rates.
- Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members.
- Minor increase in assumed withdrawals for males and females.
- Lower rates of disability.
- Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study.
- Minor changes to form of payment assumptions for male and female retirees.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2024 Changes

Changes in Actuarial Assumptions (Continued):

- Minor changes to assumptions made with respect to missing participant data.

Changes in Plan Provisions:

- The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

2023 Changes

Changes in Actuarial Assumptions:

- The investment return assumption and single discount rate were changed from 6.5% to 7.00%.

Changes in Plan Provisions:

- An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, noncompounding benefit increase of 2.5% minus the actual 2024 adjustment will be payable in a lump-sum for calendar year 2024 by March 31, 2024.

2022 Changes

Changes in Actuarial Assumptions:

- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

2021 Changes

Changes in Actuarial Assumptions:

- The investment return and single discount rates were changed from 7.50% to 6.50%, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2021 Changes (Continued)

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

2020 Changes

Changes in Actuarial Assumptions:

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019, experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019, experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019, experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.

Changes in Plan Provisions:

- Assumed rates of disability were changed as recommended in the June 30, 2019, experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.
- Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020, through December 31, 2023, and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2019 Changes

Changes in Actuarial Assumptions:

- The mortality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018 Changes

Changes in Actuarial Assumptions:

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

Changes in Plan Provisions:

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Postretirement benefit increases were changed from 1.00% per year with a provision to increase to 2.50% upon attainment of 90.00% funding ratio to 50.00% of the Social Security Cost-of-Living Adjustment, not less than 1.00% and not more than 1.50%, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2017 Changes

Changes in Actuarial Assumptions:

- The combined service annuity (CSA) loads were changed from 0.80% for active members and 60.00% for vested and nonvested deferred members. The revised CSA load are now 0.00% for active member liability, 15.00% for vested deferred member liability, and 3.00% for nonvested deferred member liability.
- The assumed postretirement benefit increase rate was changed for 1.00% per year for all years to 1.00% per year through 2044 and 2.50% per year thereafter.

Changes in Plan Provisions:

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The state's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year thereafter to 1.00% per year for all years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate changed from 7.90% to 7.50%.
- Other assumptions were changed pursuant to the experience study June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2015 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2030 and 2.50% per year thereafter to 1.00% per year through 2035 and 2.50% per year thereafter.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2015 Changes (Continued)

Changes in Plan Provisions:

- On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increase the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

B. Police and Fire Fund

2024 Changes

Changes in Actuarial Assumptions:

- There were no changes in plan provisions since the previous valuation.

Changes in Plan Provisions:

- The state contribution of \$9.0 million per year will continue until the earlier of 1) both the Police and Fire Plan and the State Patrol Retirement Fund attain 90% funded status for three consecutive years (on an actuarial value of assets basis) or 2) July 1, 2048. The contribution was previously due to expire after attaining a 90% funded status for one year.
- The additional \$9.0 million contribution will continue until the Police and Fire Plan is fully funded for a minimum of three consecutive years on an actuarial value of assets basis, or July 1, 2048, whichever is earlier. This contribution was previously due to expire upon attainment of fully funded status on an actuarial value of assets basis for one year (or July 1, 2048 if earlier).

2023 Changes

Changes in Actuarial Assumptions:

- The investment return assumption was changed from 6.5% to 7.00%.
- The single discount rate changed from 5.4% to 7.0%.

Changes in Plan Provisions:

- Additional one-time direct state aid contribution of 19.4 million will be contributed to the Plan on October 1, 2023.
- Vesting requirement for new hires after June 30, 2014, was changed from a graded 20-year vesting schedule to a graded 10-year vesting schedule, with 50% vesting after five years, increasing incrementally to 100% after 10 years.
- A one-time, noncompounding benefit increase of 3.0% will be payable in a lump-sum for calendar year 2024 by March 31, 2024.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

B. Police and Fire Fund (Continued)

2023 Changes (Continued)

Changes in Plan Provisions (Continued):

- Psychological treatment is required effective July 1, 2023, prior to approval for a duty disability benefit for a psychological condition relating to the member's occupation.
- The total and permanent duty disability benefit was increased, effective July 1, 2023.

2022 Changes

Changes in Actuarial Assumptions:

- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.
- The single discount rate changed from 6.50% to 5.40%.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

2021 Changes

Changes in Actuarial Assumptions:

- The investment return and single discount rates were changed from 7.50% to 6.50%, for financial reporting purposes.
- The inflation assumption was changed from 2.50% to 2.25%.
- The payroll growth assumption was changed from 3.25% to 3.00%.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety Mortality table. The mortality improvement scale was changed from MP-2019 to MP-2020.
- The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to Scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to Scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes result in slightly more unreduced retirements and fewer assumed early retirements.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

B. Police and Fire Fund (Continued)

2021 Changes (Continued)

Changes in Actuarial Assumptions (Continued):

- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes result in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49. Overall, proposed rates result in more projected disabilities.
- Assumed percent married for active female members was changed from 60% to 70%. Minor changes to form of payment assumptions were applied.

Changes in Plan Provisions:

- There were no changes in plan provisions since the previous valuation.

2020 Changes

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2018 to MP-2019.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2019 Changes

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2018 Changes

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2016 to MP-2017.

Changes in Plan Provisions:

- Postretirement benefit increases were changed to 1.00% for all years, with no trigger.
- An end date of July 1, 2048 was added to the existing \$9.0 million state contribution.
- New annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter until the plan reaches 100% funding, or July 1, 2048, if earlier.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

B. Police and Fire Fund (Continued)

2018 Changes (Continued)

Changes in Plan Provisions (Continued):

- Member contributions were changed from 10.80% to 11.30% of pay, effective January 1, 2019, and 11.80% of pay, effective January 1, 2020.
- Employer contributions were changed from 16.20% to 16.95% of pay, effective January 1, 2019, and 17.70% of pay, effective January 1, 2020.
- Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 Changes

Changes in Actuarial Assumptions:

- Assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- The combined service annuity (CSA) load was 30.00% for vested and nonvested, deferred members. The CSA has been changed to 33.00% for vested members and 2.00% for nonvested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3.00% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65.00% to 60.00%.
- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed postretirement benefit increase rate was changed from 1.00% for all years to 1.00% per year through 2064 and 2.50% thereafter.
- The single discount rate was changed from 5.60% per annum to 7.50% per annum.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 3 DEFINED BENEFIT PENSION PLAN – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

B. Police and Fire Fund (Continued)

2017 Changes (Continued)

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2016 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2037 and 2.50% per year thereafter to 1.00% per year for all future years.
- The assumed investment return was changed from 7.90% to 7.50%.
- The single discount rate changed from 7.90% to 5.60 %.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2015 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2030 and 2.50% per year thereafter to 1.00% per year through 2037 and 2.50% per year thereafter.

Changes in Plan Provisions:

- The postretirement benefit increase to be paid after the attainment of the 90.00% funding threshold was changed from inflation up to 2.50%, to a fixed rate of 2.50%.

NOTE 4 OPEB – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS

2024 Changes

- There have been no changes in actuarial assumptions or plan provisions since the prior valuation.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2024

NOTE 4 OPEB – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

2023 Changes

Changes in Actuarial Assumptions:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality tables were updated from the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale.
- The inflation rate was changed from 2.00% to 2.50%.
- The discount rate was changed from 2.00% to 4.00%.
- The salary increase rates for public safety employees were updated to reflect the latest experience study.
- The retirement and withdrawal rates for public safety employees were updated to reflect the latest experience study.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2022 Changes

- There have been no changes in actuarial assumptions or plan provisions since the prior valuation.

2021 Changes

Changes in Actuarial Assumptions:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality tables were updated from the RP-2014 Mortality Tables (Blue Collar for Public Safety, White Collar for Others) with MP-2018 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2020 Generational Improvement Scale.
- The inflation rate was changed from 2.50% to 2.00%.
- The retirement and withdrawal tables for non-Police employees were updated.
- The salary increase rates were changed from a flat 3.00% per year for all employees to rates which vary by service and contract group.
- The discount rate was changed from 3.80% to 2.00%.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

CITY OF REDWOOD FALLS, MINNESOTA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

NOTE 4 OPEB – CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

2020 Changes

- There have been no changes in actuarial assumptions or plan provisions since the prior valuation.

2019 Changes

Changes in Actuarial Assumptions:

- The health care trend rates were changed to better anticipate short-term and long-term medical increases.
- The mortality tables were updated from the RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel) to the RP-2014 White Collar Mortality Tables with MP-2018 Generational Improvement Scale (with Blue Collar adjustment for Police and Fire Personnel).
- The retirement and withdrawal tables for Police and Fire Personnel were updated.
- The discount rate was changed from 3.30% to 3.80%.
- These changes decreased the liability by \$20,396.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

2018 Changes

Changes in Actuarial Assumptions:

- The discount rate was changed from 3.50% to 3.30%.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.
