Additional notes/comments: _____

TERMS AND CONDITIONS

1. ELIGIBILITY

Rebates are available to non-residential electric customers of the Utility. Required services must be performed at facilities in the Utility service territory. Only one tune-up rebate per chiller every five years. New chillers are ineligible for rebate.

2. APPLICATION PERIOD

The program is offered January 1 through December 31 of the respective calendar year. Customers must apply for rebates within three months of the service date shown on the receipt/invoice. Due to limited funding, this rebate offer can be withdrawn at any time without notice, and is available on a first-come, first-serve basis.

3. INSPECTION AND VERIFICATION

The Utility and/or its designees reserve the right to review projects to verify completion and to ensure compliance with all program requirements. Misrepresentation of service location, measure eligibility, or implementation of services may result in forfeiture of the rebate and exclusion from the program.

4. QUALIFYING SERVICES AND REBATE AMOUNTS

Tune-up must be performed on an electric chiller between April 1 and Sept 30 of the respective calendar year. All services must be performed by the contractor. Rebate amount cannot exceed tune-up cost.

5. INVOICE AND PAYMENT

When the tune-up is completed, the Customer must submit this completed application along with a copy of the invoice to the Utility. Invoice must include customer name, address, and date of service. After satisfactory review of the application and invoices, a rebate check or bill credit will be issued to the Customer. Please allow 60 days from the date of receipt by Utility for delivery of payment.

6. PROGRAM REQUIREMENTS

- All information in this application for the requested rebate as well as customer and technician signature must be completed. Only complete applications will be processed.
- Tune-up must be performed on an electric chiller between April 1 and Sept 30 of the respective calendar year.
- Tune-up must include all services listed under the Service Checklist.
- Tune-up must be performed by a licensed and insured heating/cooling contractor.
- The chiller must be in working condition (this rebate program is for tune-ups only; not for repairs).

7. TAX INFORMATION

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors for detail.

8. DISCLAIMER

The Utility does not guarantee that the implementation of energy-efficient measures, services performed, or use of the equipment purchased or installed pursuant to this program will result in energy or cost savings. The Utility makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warrant of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages. Customers are solely responsible for the proper disposal of existing equipment. Consult the Minnesota Pollution Control Agency (MPCA) for details at (800) 657-3864.

9. ENDORSEMENT

The Utility does not endorse any particular vendor, manufacturer, product, or system in promoting this rebate program. Listing a vendor or product does not constitute an endorsement, nor does it imply that unlisted vendors or products are deficient or defective in any way.
